**Assignment I**

**Marks: 07**

Nature of task: Written assignment

**Task-** A 3-hour long online workshop was conducted by Joy of Learning Foundation on the topic- Heat and Temperature for students in January 2022. They were given following written assignment based on the workshop related content and experiences-

Q1. Perform any one of the activity demonstrated in the workshop. Describe your observations and inferences of the same.

Attach few pictures as evidence of performing the activity yourself.

Q2. Find out any two misconceptions about heat that people generally hold. (You may search in books or Google or write based on your own knowledge of concept). Also write what would be the correct concepts in that place?

Q3. Write any one example of each if the following from your daily life observations-

- Heat flow from one body to other
- Effect(s) of heating on some non living object

Criteria of Assessment

- Descriptions of the activity alongwith their observations, results, inferences etc.
- Identification of misconceptions and explanations of the concerned concepts.
- Relating the answers with workshop experiences and daily life observations.

**Assignment II**

**Marks: 08**

Nature of task: Investigatory Project

**Task-** Students were asked to choose a topic of their interest from the field of science & technology for conducting an investigatory project in pairs. They were given a choice to conduct a series of experiments/observations/design a working model under that project work to explore the underlying scientific principle in detail. Each of them submitted a written report and made online presentations (using demonstrations, videos & PowerPoint etc) in class to share their work.

Criteria of Assessment

- Explanation of theoretical base
- Procedure for data collection
- Authenticity of data collected
- Analysis and discussion on findings
- Presentations
- References used

Assessment by: Ms. Nidhi Kunwar, Dr. Garima Aggarwal, Dr. Richa Sharma

**Assignment I**

**Marks: 10**

Nature of task- Group Project

**Task-** - The students were expected to study school as an organization with special focus on aspects such as management Committee, school administration, school Budget, annual planning, teacher support system, role of teachers, school community interface, policies and practices implemented towards inclusion, classroom practices, teaching- learning material and pedagogy. Students were divided in groups and were asked to explore any 3 kinds of schools. They were asked to create in-depth profiles and collect data through interviews and observation on available online platforms.

**Rationale-** The project work was aimed at enabling students to understand the processes of school functioning. They would be able to develop critical and analytical insights on their observational data.

**Criteria for Assessment**

- Presentation of data based on observations and interaction with teachers
- Range of issues covered
- In depth school profiles
- Insights developed on school processes on the key areas identified
- Linkage with conceptual frameworks developed through reading of existing academic and research literature

Respected Ma'am,

This is to inform you that Environmental Studies department is planning to celebrate "Earth Day " on 22 April 2022 at 11:00 am.

We want to conduct virtual trip to Dudhwa National Park and they have given the timing for the same is 11:00 am.

As a part of the curriculum EVS department always conducted Virtual/physical mode trips for Nature Education.

Therefore, I request you to kindly give us permission to organize the same.

Thanking you,

Yours Sincerely

Dr. Uzma Nadeem  
Assistant Professor
