

REPORT

Quantitative Aptitude and Logical Reasoning

INVICTUS, The Commerce Society of Mata Sundri College for Women, University of Delhi, organised a one day live lecture on Quantitative Aptitude and Logical Reasoning for the students of the college on 25th September, 2021. The Convener of the event was Ms. Jasmeet Kaur, Assistant Professors of Department of Commerce and Co-convenors Ms. Manpreet Kaur and Ms. Kamna Virmani, Assistant Professors of Department of Commerce. The live lecture was conducted via Zoom digital platform from 4pm onwards in the presence of more than 150 students. The workshop was conducted with a view to teach the students concepts of Quantitative Aptitude and Logical Reasoning.

The event started by seeking the blessings of Mata Sundri Ji, followed by the general instructions about the webinar. Among us we had an erudite speaker, Dr. Anchal Gupta, Assistant Professor at Apeejay School of Management, Dwarka.

The speaker, Dr. Anchal Gupta started the lecture by explaining the reasons why a company asks for an aptitude test. The speaker threw light on important topics of quantitative aptitude and logical reasoning. She taught concepts like Percentages, Speed, Time and Distance, Profit and Loss, Averages, Permutations and Combinations. By way of puzzles she taught logical reasoning. There was a doubt session at the end of the lecture. The session concluded with the vote of thanks, thanking all the faculty members, the speaker and the participants for making the event possible. The response of the participants was overwhelming. The live lecture was a complete success and the aim to make students aware of the concepts of quantitative aptitude and logical reasoning was accomplished. The event was well appreciated by all the attendees. Indeed it was a wonderful session.
