

Department of Psychology and Student Council of Mata Sundri College for Women organized a session with Ms. Navdeep kaur on 20th September, 2022. The event took place in the psychology lab (room no. 326) from 12:00pm to 1:00 pm. Ms. Navdeep kaur, an alumni of Mata Sundri College, who has done a course in cross culture research methods from university of Otago, New Zealand, is currently pursuing her PHD. She Was invited to help the students in understanding the different cross cultural research methods.

Ms. Navdeep talked about the different steps of research and how she herself conducted research, what steps she followed and what challenges she faced. She then highlighted the different cross-cultural comparisons used for research that she studied during the course and explained them a little. She shared her valuable experience during the course and motivated many young minds. The purpose of this session was to make students more familiar with the research methods. And make them more comfortable with the subject of Research Methodology. She told about the eligibility criteria, duration, mode of program, pedagogy, curriculum and the outcomes of the program.

A question answer round was held where the audience could interact and clear their doubts. The audience and the guest were thanked. More than 50 students were there in the session and it was a great success and was immensely helpful.

The department of psychology is extremely thankful to her.
