Evaluative report – Department of Commerce

The Department strives for academic excellence. It has accordingly created a stimulating environment to foster the holistic development of the students. Not only curriculum is imparted effectively and efficiently, various activities are conducted to inculcate the desired spontaneity, versatility and proficiency in handling real life situations. Apart from that, faculty is committed to expand the boundaries of their respective fields by engaging in research and publications. Faculty stays au fit with various developments in the academic and industry through attending various faculty development programmes, workshops and refresher courses. Also, the faculty members contribute in various academic and administrative activities through central committees and societies of the college.

Emphasis is given on imparting knowledge along with practical skills to enable our students become a part of innovative, fast moving and competent global workforce. To take students beyond classroom teaching, the Commerce Society, "INVICTUS" organizes special lectures, seminars, workshops, and talks by eminent speakers on academic issues, and extra- curricular activities like Industrial visits, Business Plan Competition, Corporate Conclave and other such activities. Our students regularly participate and outshine in intra-college and inter-college commerce events. The department provides research mentoring to students and also supervises peer-mentoring. "E-Converse", the annual e- newsletter published by the department gives our students an opportunity to showcase their literary and creative skills and to express their viewpoints on the prevalent business and economic scenarios. The Department provides opportunities to students so that they may attain their maximum potential while staying rooted in values. The department grooms their students to turn out to be worthy members of the workforce, future leaders and entrepreneurs, through training on corporate etiquettes, campus to corporate transition, ingraining them with communication skills and other such practical knacks.

The entire report has been divided into sections.

1 Internships: Students are encouraged to join internships to get experience of the industry and their overall development. More than 80 students successfully completed their internships. The lists have been appended as appendix 1 and appendix 2

2 curriculum-based education

2.1 ICT tools are used to impart the curriculum-based education. During pandemic faculty has resorted to taking classes on line on CLASSROOM, Zoom and other such platforms. Most of the faculty members used PPTs in online mode. Before pandemic and even during on line mode the faculty used subject specific tools as well. - Videos and PPT s through What's App, MOOCs, youtube tutorial videos and online journals; In Advertising,

showing students different forms of online and social media advertising practically in class using mobile phone. Case studies and vignettes from on line sources including articles from Forbes magazine. The list of the tools used by faculty has been appended with this report as Appendix 3

2.2 CBCS guidelines meeting:

A virtual meeting to prepare the final guidelines of B.com(p), 4th sem, Corporate Accounting paper was held by Department of Commerce, Delhi School of Economics, University of Delhi in collaboration with Mata Sundri College for Women, University of Delhi

3 Beyond Curriculum

3.1 Events: During the academic session 2019-2020, Invictus, the commerce society organized various events, the rationale behind organizing those has been summarized below.

 "**Corporate Diva: The Self-Made Icon"** for its students to showcase their entrepreneurial skills and welcome our department freshers to whole new college world; The annual Inter-college, commerce fest, **Comvictus,** the annual commerce fest was organized to enhance the entrepreneurial and competitive skills of students, with active participation from other undergraduate colleges; Interactive Lecture on **Income Tax Made Easy-Reality or Myth** by Dr. S.B.Rathore, Former Associate Professor, Shyamlal College, University of Delhi; Webinar on **"Cyber Crimes & Prevention During Lockdown**" by Dr. Sunaina Kanojia, Associate Professor, Department of Commerce, University of Delhi. Webinar on **"Stress Management for Work Life Balance"** With the ongoing pandemic, work life balance seems to be disturbed and stress levels are on the rise too. So, objective was to help participants to bring out their positive self and to maintain a happy balance between work, family and friends. Various measures of stress management were discussed by the speaker - Dr Vikram Singh, Senior Physical Educator, JNU. **"Brandstorm"** was organized to inculcate in students the skills of marketing and networking. The department went inter- disciplinary with **"ONLINE WORKSHOP ON POWER POINT PRESENTATION"** This activity was steered to polish and hone the presentation-making skills of fourth year B.el.ed students, who now would be stepping into the role of an educator at school level in the teaching-learning process. The resource person of this online workshop was Ms. Puneet Kaur Dhingra (Assistant Professor, Commerce department), who well acquainted the fourth-year students with the necessary technical aspects equipping them with knowledge of basic and intermediate level PowerPoint adapted to present day e-teaching scenario. Commerce department under able leadership of teacher in charge Ms. Jaspal Kaur and advisor, Ms Kanwaljit Kaur has initiated a series, "**Connectque - In pursuit of Excellence"**; through which faculty of the department shares knowledge with students of all the departments. The objective of the series was to make students aware about the topics and concepts which are kept unheard yet are very crucial in one's life. The series has been started with the motive of making students enlightened about the concepts which can't be instilled within them during their academic engagements. Being initial year, we have planned three events in Academic year 2020-21. The first one was conducted on October 31, 2020 and the rest two will be conducted till July 2021. Details of date, time and venue of the event; and outreach have been tabulated in excel sheet attached.

The selection of events and activities was such that some events like "Income Tax Made Easy-Reality or Myth" went beyond syllabus to broaden the vision of students. While some provided much required knowledge for management of life during pandemic and beyond "Cyber Crimes & Prevention During Lockdown". The department organized talks like "Stress Management for Work Life Balance" which not just helped students and faculty alike learn life skills but also built upon their specific knowledge gained in Human Resource management. Intra – department competitions to inter- department to inter- college competitions like "Comvictus". To hone entrepreneurial skills and to have fun activities as well, events like "Corporate Diva: The Self-Made Icon" were conducted.

The activities helped development of students of commerce department, students of entire college and even the nation through webinars where alumni and students from far off Puducherry joined us.

The faculty will make selections in the month of April and add students from all the three years to broaden the outreach of the programme.

3.3 Peer Mentoring:

The Peer Mentoring Program of the Department of Commerce is conducted under the able guidance of Ms. Jaspal Kaur as teacher-in-charge, Dr.Tanu Dhingra as Convenor of the program and Ms.Naina Kaur and Ms.Ishleen Kaur as Co-convenors.

The **objective** of this program is two-fold. **One**, it will enhance knowledge of the final year students as their conceptual understanding will increase of the subjects they will be mentoring to their juniors. **Second,** this program will develop the overall personality of the final year students by making them more confident and by enhancing their communicating skills. It will not only inculcate learning, helping and sharing habits among our final year students but will also groom them towards becoming more responsible citizens of the society and they will become more compassionate towards problems faced by other people who approach them for any help or advice.

The detailed structure of the program formulated by the commerce department is as follows:

- As is required, the department is conducting Peer Mentoring program wherein our final year students will mentor second year as well as first year students.
- One student is to mentor juniors in the range of 5 to 10 students so that personalised attention can be given.

- Out of the total, few students will be of the second year and higher number of students will be of the first year. Its purpose is that first year students being new to the college system will have more apprehensions and queries vis-a-vis second year.
- Mentors will be given flexibility to schedule their classes.
- The number of classes per week will be two, one with 2nd year students and one with 1st year.
- Mentoring will be done in **two areas**: Academic Mentoring and Non Academic Mentoring.
- Academic Mentoring pertains to queries of the juniors regarding the subjects studied by them at the degree level. It may take the form of explaining in detail some particular topic of any subject. It may also take the form of only queries/doubts pertaining to certain topics of any subject.
- Non-Academic Mentoring covers wide range of queries. Some of the examples of this kind of mentoring are as follows:
  a) which subjects to be selected in next semester;
  b) how to fill examination forms;
  c) what extra-curricular activities are pursued in the college;
  d) what different societies are there in the college and how to join them;
  e) how does the college organise fests and how can they contribute to it;
  f) any other problem faced by the student
- Mentors can also take up a social issue, environmental issue or any trending issue in politics, economy or any other field they think suitable and can have a group discussion as an activity once in 15 days. It will help the mentors as well as the mentees in enhancing their general knowledge as there is a G.K. test in the college every year for choosing Best student of the year.
- Mentors can share their expertise in any other skills they have apart from the subjects chosen like teaching some foreign language.
- The mentors are required to send a daily report of the mentoring done by them in each class to their respective host teacher as well as to the convenor of the program.
- The proforma of this daily report will be shared by the host teacher so as to maintain uniformity and consistency in the reporting system.
- The Google meet link will be generated by the mentors using college email ID provided to them and it will also be shared among juniors to be mentored and teachers.
- Recording of the program will be done by the mentor and it will also be mailed to the respective host teacher.
- On the basis of daily reporting, an elaborate report will be prepared on fortnightly basis.

- The convenor and co-convenors will keep reviewing the progress of the peer mentoring program and will implement improvements from time to time as per their experience and final year students' suggestions.
